Description

Few coach panels survive. This is a striking example with the double headed eagle, gilded armorial and burgundy background.

The closest I can find to arms of Or, a double-headed Eagle displayed Sable, are the arms of Bouverie, originally Des Bouverie, Earls of Radnor Per fes Or and Argent a double headed Eagle displayed Sable

The gilded shield with a double-headed black eagle on a white ground. The panel on a brown ground with a black edge. Oil on panel. The black painted border is later, most likely added when it was removed from the coach.
